George Schultze
Fish and Wildlife Section
BC Environment, Skeena Region
Bag 5000, 3726 Alfred Avenue
Smithers BC V0J 2N0

Dear Mr. Schultze

Thank you for your presentation to the Bulkley Valley Community Resources Board on May 13, 2008, regarding the status of the Telkwa Caribou Herd.

In discussing the information that you provided, Board members are wondering what is planned for management of the herd for the future. In particular, we would like to have your views on the needed action to conserve or, as it may be, establish, the viability of this herd for the long term. What is the path forward? Your comments would be appreciated.

Thank you again for your presentation and we look forward to your reply.

Yours truly

Greg Storie
Interim Chair
Bulkley Valley Community Resources Board
