Re: File No. REC 16192

Dear Mr Gilkes:

The Bulkley Valley Community Resources Board has reviewed the application from the Round Lake Community Association for consistency with the Bulkley Valley Land and Resources Management Plan. The proposal involves trail development and facility construction on Crown Lots 2131 and 2132. Lot 2132 and part of Lot 2131 are zoned Wildlife Habitat Management Areas. The proponent should submit a revised application that indicates clearly how their proposed developments are compatible with management direction for those areas. We suggest that the Association contact Len Vanderstar at the local Ministry of Environment office for further information on Wildlife Habitat Management Areas.

Sincerely,

Adrian de Groot
Chair, Bulkley Valley Community Resources Board

c.c. Len Vanderstar
