Re: Pacific Inland Resources' Forest Stewardship Plan

Dear Members:

Under the direction of the Forest and Range Practices Act (FRPA), Pacific Inland Resources (PIR) has prepared a Forest Stewardship Plan (FSP) that will guide our forestry operations in the Bulkley Timber Supply Area for the next 5 years. This plan will replace the previously approved Forest Development Plan for Forest Licences A-16830, A-16829 and A-57077 which was approved under the Forest Practices Code regime. Attached to this letter is a brief description of the transition of forestry planning from the Forest Practices Code to FRPA.

In the past you and/or your members have shown interest in PIR's forestry management operations; therefore, we would like to give you an opportunity to review this plan and provide PIR with comments. The FSP and associated maps can be viewed in more detail during normal office hours at Pacific Inland Resources' office on Tatlow Road until October 16, 2006. Also, Pacific Inland Resources will be hosting an **open house at the Hudson Bay Lodge from 3:00 pm to 8:00 pm on Wednesday September 27, 2006** where the Forest Stewardship Plan and the associated maps will be available for review. For more information about the FSP or to set a meeting date, please contact Dave Ripmeester, Forestry Supervisor or Alan Baxter, Planning Forester at (250) 847-2656.

Please note that in order to receive consideration, comments must be in written format and sent to Gord Gunson, Woods Manager and received no later than October 16, 2006.

Yours truly,
Pacific Inland Resources

Alan Baxter, R.P.F.
Planning Forester
