SUBJECT: Invite to participate in Public Town Forums

Dear Mr. Vanderstar:

Telkwa Mining Limited (Telkwa Mining) wishes to thank the Bulkley Valley Community Resources Board for reaching out to us on these public forums that are being hosted with What Matters in Our Valley on October 10 in Telkwa, and 17th in Smithers.

Given our current commitments with the effects assessment process and engagement activities with First Nations in the region on the Project we will have to unfortunately have to decline your offer to participate.

Telkwa Mining has provided via the BC EAO process and through several open houses in Telkwa and virtually a significant amount of information and this information is also all public. Furthermore, there are two dedicated websites on the project listed below where additional questions including ones from these public forums can be submitted to the company for response.
